Working people of North West Pennsylvania have suffered as a result of the changes to the Unemployment Compensation eligibility and benefits requirements of ACT 60.

We do need real changes:

- ✓ 49-1/2% of base year wages outside of high quarter
- ✓ 3rd step down provision
- ✓ Weekly base rate frozen through 2019
- ✓ 18 credit weeks
- ✓ Partial benefit credit 30%
- ✓ Variable claim duration

These provisions are critical to fix.

We the undersigned claim ACT 60 is causing extreme financial hardship in ours and our families' lives because our work is seasonable and we get laid off through no fault of our own
